Pictures of she candidates were being posted up in the hotels during the evening, and the half dozen delegates already arr.ved for the R-publican rational conven-tion were being eagerly sought for by wire-pullers and newspaper men.

J S Clarkson, chairman of the lows delegation, and member of the Republican national committee, expressed the opinion that the contest over the nomination for President was fast parrowing down to three men. "One of them," he declared, "Is Senator Allison."

Mr. Clarkson added: "It is being recognized generally in the east that Allison is the candidate standing for the principle of protection in the nor-nwest, as against the new side in the par y led by powerful party newspapers set up for tariff reform. Senator Harrison's interests are being looked after by Charles F. Griffle, In disna's Secretary of State, accompanied by ex Congressman Poele. The two arrived this evening, and were not slow in beginning missionary work for their chief. Mr. Gr ffin was enthusias to over the outlook. "Tautman's numination by the Democrats," said he, "Is a play right into the hands of Harrison. It makes Indiana more than ever a doubtful state "

"Does not the same argum at apply equally in favor of Greanam?" ke was

"It would if Gresham were Indiana's candidate," was the ready answer, "but such is not the case. The people of Indi-ana want Harrison They are not hostile to Gresham, of course, but Harrison is their man. Fur her than that, every delegate from Ladiana favors Marrison and is pleaged to his support." "How long? '

"Just as long as there is a proable chance that he may win. It will not be Waco, Tax., June 12 —A very serious any complimentary vote, that much is certain. No, indeed, Harrison's strength quare between two negroes—Silly Wil
